Property description

The apartment is reserved, a reservation contract has been signed, viewings are no longer being held.

Interesting 3-room mezzanine for living or rent - suitable for renovation, 60m², in Palisades, Podjavorinská Street, loggia 3m², on the 3rd floor/4th floor.

In an exclusive representation, we offer a 3-room apartment with a beautiful potential to create an apartment for permanent living or renting, with the creation of a second bedroom or a studio/workshop on the upper floor of the apartment, with 2 bathrooms, a loggia overlooking the inner courtyard, all windows facing the quiet courtyard, on the 3rd floor WITHOUT ELEVATOR, in the extension of a historic house right on Palisades. Own heating and preparation of DHW with a gas boiler. Air conditioning on the upper floor of the apartment.

This apartment was **built in the extension of the house in 2004**, the bathrooms, kitchen, massive door frames and doors, floor in the entire apartment, wooden euro windows with 2 glasses, electrical installation, installed air conditioning and boiler date from this year . In the meantime, the boiler was replaced - in 2017, otherwise nothing has changed in the apartment.

Currently, the apartment is cleaned, with only a kitchen unit and sanitary facilities in the bathrooms, ready for a new complete renovation. However, it is habitable even in its current state - if you have e.g. if you plan to renovate your apartment later, you can live in it without the need for immediate reconstruction.
